## 2014 Neighborhood Roadway Reconstruction

### Edina Terrace Neighborhood

Dear Resident:

As you might recall, on October 8, 2012, we held an open house at which time we discussed the City's plans for 2014 neighborhood roadway reconstruction. Your neighborhood is being considered for reconstruction next year.

We are beginning to collect information that will assist us in determining the scale of the project. You may see City employees in the neighborhood. We are reviewing the condition of existing utilities such as manholes and gate valves, collecting site information with survey equipment, monitoring storm water drainage patterns, and taking photographs.

You may notice brightly colored wooden stakes at various locations throughout the neighborhood. These are used by the surveyors to identify the exact location in space. It is similar to GPS navigation systems. Please do not remove these stakes.

In the next few months, we will ask for your input about the project in the form of a questionnaire. The questionnaire will be mailed to you with a postage paid return envelope.

Information about the project is available on the City of Edina's website, [www.EdinaMN.gov/FutureProjects](http://www.EdinaMN.gov/FutureProjects).

If you have any questions, please contact me at 952-826-0318 or [cmillner@EdinaMN.gov](mailto:cmillner@EdinaMN.gov) or Engineering Technician Jamie Cynor at 952-826-0440 or [jcynor@EdinaMN.gov](mailto:jcynor@EdinaMN.gov).

We look forward to working with you! Thank you!

Sincerely,

Chad A. Millner, PE  
Assistant City Engineer
